

MITHRA L

Artificial Intelligence & Data Science | B.Tech Student | 3rd Year

+91-9363274678 | mithralakshmanan643@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#) | Tamil Nadu, India

CAREER OBJECTIVE

Highly motivated 3rd-year B.Tech student specializing in Artificial Intelligence and Data Science, with demonstrated hands-on experience in machine learning model development, NLP, and end-to-end deployment. Seeking an internship opportunity in Artificial Intelligence, Machine Learning, Data Science, Generative AI, or Cloud Computing to apply technical expertise, contribute to impactful projects, and grow within a dynamic, innovation-driven organization.

EDUCATION

Bachelor of Technology (B.Tech) – Artificial Intelligence and Data Science

Sree Sakthi Engineering College, Karamadai, Coimbatore, Tamil Nadu | Expected Graduation: 2028

Sem I CGPA: 8.3 / 10 | Sem II CGPA: 8.5 / 10 | Currently Entering 5th Semester

Higher Secondary (Class XII) | Percentage: 84.2%

Secondary School (Class X) | Percentage: 63.4%

TECHNICAL SKILLS

Programming Languages: Python, Java, HTML, CSS

Machine Learning & AI: Machine Learning, Artificial Intelligence, NLP, Scikit-learn, Classification, Model Training & Evaluation, Exposure to Generative AI, Large Language Models (LLMs), Prompt Engineering, and Agentic AI

Data Science: Data Analysis, Data Preprocessing, Feature Engineering, Pandas, NumPy, Matplotlib, CountVectorizer

Cloud & Tools: AWS Cloud (VEI Certified), Streamlit, Git, GitHub, Google Colab, Jupyter Notebook, VS Code

ACADEMIC PROJECTS

Email Spam Detection System | [Live Demo](#) | [GitHub](#)

Python · Scikit-learn · NLP · Pandas · NumPy · Streamlit · CountVectorizer

- Built an intelligent email spam classification system leveraging Machine Learning and NLP, achieving state-of-the-art accuracy across multiple algorithms.
- Benchmarked three ML algorithms — Naive Bayes (99%), Logistic Regression (98.8%), and Decision Tree (97.3%) — selecting the best model based on precision and recall metrics.
- Implemented CountVectorizer for feature extraction, converting raw email text into ML-ready numerical vectors for downstream classification.
- Engineered an end-to-end ML pipeline: data preprocessing → feature engineering → model training → evaluation → production deployment.
- Deployed as a live, interactive Streamlit web application on Streamlit Community Cloud, enabling real-time spam classification by end users.

INTERNSHIP EXPERIENCE

AIML Intern | Artificial Intelligence & Machine Learning Program | 2024

- Developed, trained, and evaluated machine learning models on real-world datasets using Python and Scikit-learn, gaining end-to-end ML lifecycle experience.
- Executed the full data science workflow — data collection, preprocessing, feature selection, model training, performance evaluation, and deployment — under professional mentorship.
- Applied supervised learning techniques and data science best practices to deliver measurable model performance improvements.

ACHIEVEMENTS & PARTICIPATIONS

- Participated in a Workshop on Large Language Models (LLMs) and Agentic AI at Coimbatore Institute of Technology (CIT), Coimbatore — gaining practical exposure to Generative AI, AI Agents, Prompt Engineering, and modern LLM applications.
- Designed, developed, and deployed an Email Spam Detection System achieving 99% classification accuracy, demonstrating full-stack AI engineering capability from model training to live production.
- Benchmarked and compared three ML classifiers (Naive Bayes, Logistic Regression, Decision Tree), identifying the optimal production model through rigorous evaluation.

- Built and published a personal AI & Data Science portfolio website showcasing live projects, technical skills, and professional profile.

CERTIFICATIONS

- AWS Cloud Technologies – Course Completion Certificate | VET Technologies
- Machine Learning with Python – Course Completion Certificate | VET Technologies

SOFT SKILLS

Communication · Teamwork · Problem Solving · Time Management · Quick Learner · Attention to Detail

LANGUAGES KNOWN

Tamil – Native Proficiency · English – Professional Proficiency
